Search everywhere
With Bing smart search, you can search once and see everything—from your PC, your apps, and the web—and act on search results right away. Play a song, call a friend, open an app, or get to your favorite site. Just search and do. (Certain features unavailable in some regions.)

Use it your way
On your Start screen, there are more tile sizes, more color options, and animated backgrounds. On your lock screen, you can see a slide show of your favorite pictures and take photos—all without unlocking your PC.

Get more apps
In the redesigned Windows Store, you'll discover apps built only for Windows, new community favorites, and personalized recommendations.
