Paint doesn't preserve well in the rain forest climate of Guatemala, and Saturno figured that the faint red and black lines his student had found weren't going to yield much information.. The hieroglyphs, painted in black and red, along with a colorful mural of a king and his mysterious attendants, seem to have been a sort of handy reference chart for court scribes in A.. William Saturno, an archaeologist from Boston University, was mapping the ancient Maya city of Xultun in northeast Guatemala in 2010 when one of his undergraduate students peered into an old trench dug by looters and reported seeing traces of ancient paint..
